A BIT MORE ABOUT ME

I am a dedicated worker, I am always expanding my knowledge and skill set within my pursuit of becoming a great creative mind. I work efficiently often finishing my work prior to the deadline I have been given and adhere to all guidelines within a job, pushing my creativity within the limitations of a clients needs. I often like to present what the client wants and then an out-of-the-box option shoqing a new an unique way they can fulfill their needs.

I have alot of tools in my kit, using my skills and knowledge in illustration and photography to compliment my work in design, and build unique assets for my clients that are not out there on the open market. I have had experience working different types of work environments including corporate, government, studio, advertising, marketing and remote and am easily adaptable to any situation. With me the work comes first because it is what I love to do.
